

GUARD HOUSE SECURITY SERVICES

Increased acts of violence, terror and theft have caused businesses to revisit physical security measures, generally this manifest as an increase in security personnel. Guardhouse, reduces the need for increased security personnel and instantly boosts overall security of the facility. We work with facility managers in developing site-specific SOPs and Entry/ Exit procedures. Once approved, we ensure an effective and efficient enforcement of the policies and procedure across the facility.

SCOPE OF SERVICE

- Manage site access
- Managing access logs
- Screening mails and deliveries
- Developing daily activity logs
- Support inbound and outbound logistics
- Incident response and management
- Support investigations
- Support Covid Safe Plan implementation and compliance.
- Screening employees, customers and vendors.
- Support evacuations
- Support traffic management
- Support site induction
- Provide first aid
